

Building Pilot Confidence in the National Airspace System

Robert Kamm will present a "Take it on the road" to pilots operating within Jacksonville Approach airspace. This comprehensive presentation will touch on subjects important to improving system safety such as: Aviation Meteorology, operating in the Terminal Radar Approach Control environment, Runway Safety, System Operations, and FAA Grass Roots Initiatives.

Directions: Please consult Map link below. Craig Airport Management office is located at the base of the control tower.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area

Sign up for the FAA's safety services at www.FAASafety.gov!
