

Aviation Grey Areas and Modern Misconceptions

Mr. Diego Alfonso, retired FAA Ops Inspector, current DPE and long time flight instructor, will give this interesting and informative presentation highlighting many of aviation's grey areas and airmen misconceptions. This presentation is the result of thousands of checkrides conducted over many years during which a number of 'fuzzy' areas and misunderstandings came to light.

Directions: I-95 to (Exit 180) US-192 East, left on Evans, right on NASA, left on Grumman Place, right on Tower Access Road to Harry Goode Way to FIT Aviation.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
