

IMC Club: Crosswind in Yakima

IMC Club at Sanford Airport - this month's topic: Crosswind in Yakima. Every flight in IMC will eventually culminate in a transition to visual conditions prior to landing. And, that landing may be made in a Cross Wind. Our discussions this month will include transitioning from IMC to Visual conditions during an approach and preparation for a cross wind landing to follow. Your experiences may well benefit another pilot, so come and share and learn from fellow aviators.

Directions: From Sanford Avenue, turn East on to E. Airport Blvd. Turn North prior to reaching the T-Hangars on Carrier Avenue. Then, turn East on E. 28th Street, and turn South on Flight Line Avenue; the FBO is on your left.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
