

Flight Instruction Should Not Be A Scary Event & A Review of the WINGS Program

This month's guest speakers are Rock Rockcastle and Rich Burns. Rock holds an ATP certificate in single and multi-engine aircraft and is a CFII-MEI. He will discuss training accidents and ways to prevent them. Cockpit procedures to insure a safe completion of your flight will also be discussed. Rich holds an ATP certificate, SMEL and is a CFII-MEI. Rich also retired from the FAA as an inspector. He will discuss safety tips for active pilots and how to use the various links on the WINGS Pilot Proficiency Program to enhance pilot safety. An open discussion will follow.

Directions: The Leesburg Airport Administration building is across the street from Sunair Aviation.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
