

Night Flying! A review of the rules, and tips for having a safe and enjoyable flying experience.

With the time changing back to Standard Time, it gets dark earlier. Don't let that stop you from taking off and enjoying what you like best, flying. Come for a review of night flying rules, airport signage, aeromedical considerations, aircraft and airport lighting, and tips for having a safe and enjoyable flying experience. Let Rock and Rich show you what you need to know to be proficient and safe.

Directions: Leesburg International Airport, Airport Drive, across the street from Sunaire Aviation.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
