

Civil Air Patrol - Search and Rescue with Superior Safety

The Jacksonville FAASTeam welcomes Colonel Michael Cook from the CAP Jacksonville Composite Squadron. Search and Rescue, Disaster Relief, Humanitarian Services, and USAF support: the Civil Air Patrol seems to do it all, and with a higher safety record than the overall GA community. It may seem they have to be ready on a moment's notice, but there's always time to ensure a successful outcome. Come learn the secret of how that's possible, help protect your own safety record, and get to meet the people who come looking for you if you forget to close your flight plan.

Directions: Jacksonville Airport Authority - Craig Airport conference room located at the base of the Control Tower. If flying in please park at Sky Harbor.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
