### **SAFE To Sponsor MyGoFlight's iPad EFB Challenge Seminars & Contests**

A national seminar/contest series and fun way for pilots looking to make the transition from a paper to paperless cockpit using an iPad as an Electronic Flight Bag (EFB).

DENVER, July x, 2014 –Today the Society of Aviation Flight Educators (SAFE) and MyGoFlight announced that SAFE, a membership association for creating a safer aviation environment through education, has become a sponsor of the iPad Takes Flight! EFB Challenge Edition. – A seminar/contest series designed to advance the use of iPads and other tablet devices in-flight by pilots. This seminar series builds on the iPad Takes Flight! seminar series given by MYGOFLIGHT, maker of high quality iPad gear for pilots, to thousands of aviators over the past three years.

The goal is to help all pilots make the transition from a paper to paperless cockpit pay off.

"The iPad is the first time we have a single piece of aviation gear now available to many pilots in aircraft of all types, new and old, with both steam gauges and glass," said Doug Stewart, executive director, SAFE. "There is an opportunity to make sure all pilots are taking full advantage of these devices because they have the potential to making flying more fun, simpler and safer. Our goal is to provide flight instructors with the tools to help pilots understand this potential and to encourage their participation and leadership in these events."

"The SAFE organization and its members are dedicated to aviation excellence through education," said Charles Schneider, CEO of MyGoFlight. "Their support of helping pilots and their instructor's best utilize the iPad in-flight is awesome. We look forward to their help in getting the word out to participate in the iPad EFB Challenge seminars and contests."

The iPad Takes Flight! EFB Challenge Seminar & Contest will be delivered during Oshkosh 2014. Sessions are currently set for Monday, July 28<sup>th</sup> & Wednesday, July 30<sup>th</sup> at 1pm and Friday, August 1<sup>st</sup> at 10am. All these sessions will be held in Forum 6. And Saturday, August 2<sup>nd</sup>, at 2pm in the AOPA seminar area. Prizes will be awarded to those pilots that choose to enter the contests.

MYGOFLIGHT

MyGoFlight & IMC Chapters will deliver local and regional seminars and contests. Flight instructors, flight schools and military and commercial operators are also welcome to deliver seminars and contests. Interested operators should contact Charles Schneider on [cschneider@mygoflight.com](mailto:cschneider@mygoflight.com) or call 303.364.7400 x111 to discuss access to the seminar and contest materials. Information regarding upcoming seminars and progress of the EFB Contest can be followed on [www.MyGoFlight.com/iPadEFB](http://www.MyGoFlight.com/iPadEFB) on Facebook on [www.facebook.com/ElectronicFlightBagChallenge](http://www.facebook.com/ElectronicFlightBagChallenge).

Sponsors of the EFB Challenge include AOPA, National Association of Flight Instructors (NAFI), the Society of Aviation Flight Educators (SAFE), Flying Magazine, IMC Clubs, Lightspeed, Redbird Flight Simulations, Independence Aviation, and MYGOFLIGHT. If you would like to consider becoming a sponsor, please contact Charles Schneider on [cschneider@mygoflight.com](mailto:cschneider@mygoflight.com) or call 303.364.7400 x111.

#### **About MyGoFlight**

MyGoFlight builds iPad gear designed for iPad use in extreme motion and conditions. MyGoFlight provides "Cockpit Ready™" iPad cases, mounts, flight bags and accessories that are well-made and make using the iPad in the cockpit safer, easier and more convenient. MyGoFlight's modern flight bags are the first designed to protect the iPad and make storing and accessing gear simple. MyGoFlight products are professional, highly functional and cool. Perfect for the airplane and everyday use.
