

What Fixed Wing Pilots Need To Know About Helicopter Operations

During this seminar we will discuss: The variety of helicopter missions. Regulatory differences between helicopters and airplanes -- altitudes, traffic patterns, Wx minimums, etc. ATC procedures unique to helicopters airport operations – Traffic Patterns & Ground Maneuvering Wake turbulence and downwash concerning ground safety -- Approaching and departing a helicopter/main rotor and tail rotor hazards

Directions: Take Route 92 East through Auburndale. Winter Haven Airport will be on your right shortly after Auburndale.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
