

Ice Cold

The Jacksonville FAASTeam is grateful to Mr. Chad Kendall, Assistant Professor of Aeronautics for the School of Aviation at Jacksonville University. A CFI, ATP, AGI, IGI, current TBM 900 pilot, and FAA Safety Team representative, Chad has traveled great distances and in a multitude of weather phenomena, and has some unique insights into the world of cold weather operations. Topics will include preparing your aircraft for cold weather flying, certification, and operation in known icing conditions, as well as the hazards of aircraft icing.

Directions: Jacksonville Airport Authority - Craig Airport conference room located at the base of the Control Tower. If flying in please park at Sky Harbor.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
