

Orlando FSDO FFAST Team presents:

**'FRAT' - in aviation, it's different from what you think.**

FRAT - in aviation, it's different from what you think

Join your fellow aviators for an informative discussion on the FAA's recently announce FRAT matrix. This easy to use Flight Risk Assessment Tool can be readily adapted to your needs to assess risks associated with your planned flight.

There will also be a discussion the applicability of the Airman Certification Standards (ACS, which will soon replace PTS Standards) to processes like your upcoming Instrument Proficiency Check. And we will also cover an interesting Instrument Approach into Jackson, WY, and a reminder to exercise proper decision making even after receiving your approach clearance.

You're certain to get a lot out of these discussions, and you will also be able to share your applicable experiences. Come and join us.

**Directions:** The Vigilante Room at Sanford Airport; it's in the Rental Car Building near the Commercial Airline Terminal. If you fly in to KSFb for this WINGS event, you can park at Millionair FBO and get a courtesy ride over to the seminar's location in the Vigilante Room.

## Event Details

**Mon, Sep 21, 2015 - 19:00 EDT**  
**Vigilante Room, Sanford Airport**  
**(KSFb)**

1200 Red Cleveland Blvd., Sanford,  
FL
