

Meet your Air Traffic Control Management Team

Michael Cutino, from the Orlando TRACON, and Charlie Stickle, Air Traffic Manager of the Melbourne (MLB) Tower, will discuss current and any planned operations in and around the central Florida airspace, airport surface safety, and will open the floor for questions. Your feedback is important for the service that their facilities provide.

Do not miss this opportunity to hear current and any proposed changes and to refresh your knowledge of operating in nearby airspaces to be a safer pilot. Wings credit applies. MAPA is providing door prizes and refreshments.

Directions: I-95 to (Exit 180) US-192 East, left on Evans, right on NASA Blvd, left on Grumman Place, right on Tower Access Road to Harry Goode Way to FIT Aviation
