

Future Control of Our Airspace

Palm Beach Approach Control will be assuming airspace control formerly controlled by Miami Center with all new electronics, software and staffing to allow closer spacing and tighter control of aircraft. Staff from PBI TRACON & KVRB Tower will be presenting the details.

Directions: Flight Safety Hangar just west of the Vero Beach Airport Main Terminal Bldg. Enter on the west side of the Hangar, meeting in Classroom M. Plenty of Parking. Fly-ins park by C.J. Cannon's restaurant at main terminal and walk west 100 yards.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
