

General Aviation Safety Projects(Pegasas)

Dr. Steve Cusick will review the research projects underway in the Partnership to Enhance General Aviation Safety, Accessibility and Sustainability (PEGASAS). This program is a partnership with the FAA and cooperating Universities and industry leaders to enhance General Aviation safety. He also will provide an update on the runway safety projects underway at our local Florida Institute of Technology. This FREE seminar includes FAA WINGS credit and refreshments and door prizes. Come on out and rub shoulders with a fellow aviator! Our speaker, Dr. Cusick, is a former US Navy Captain, Naval Aviator, flight instructor, and holds multi-engine, instrument and helicopter ratings.

Directions: I-95 to (Exit 180) US-192 East, left on Evans, right on NASA Blvd, left on Grumman Place, right on Tower Access Road to Harry Goode Way to FIT Aviation

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
