

FAASTeam presents:

UAS operations in the National Airspace System

Mr Paul McDuffee will discuss the latest info regarding small UAS operations in the NAS under the new Part 107 rules. Paul will focus on the current rule and where he see things heading in the future. Paul is Insitu's vice president of government relations responsible for regulation shaping and development supporting Insitu's future in civilian and commercial use of unmanned aircraft. Paul serves as principal liaison with FAA in matters relating to regulatory matters for UAS operations and as advocate for UAS national airspace integration.

Directions: Park in short term parking lot. Parking vouchers will be provided. Parking is free. Enter the main terminal building, up the escalator and follow the signs to the safety seminar. Fly-In aircraft, Sheltair is the closest FBO, about a 5 minute walk to main terminal. Sheltair will not charge a ramp fee to seminar attendees on the seminar day. Sheltair phone 386 255 0471.
