

Orlando FSDO FAA Safety Team presents:

2017 SUN-n-FUN Forum - BasicMed Medical Alternative

John Linsenmeyer from the FAA's GA & Commercial Division will introduce the FAA's new and much anticipated "BasicMed" alternative medical certification program, and answer audience questions. BasicMed is the most significant change to the medical certification process in decades and may make flying accessible to many who thought they could not obtain medical certification until now. BasicMed is slated to go into effect on May 1, 2017, so now is an excellent opportunity to get ready! Note: This seminar will be offered on Wednesday April 5 and again on Thursday April 6.

This is a live presentation only. Free seminar! WINGS credit available!

Directions: The FAA Safety Center (other name: Orlando Field Office) is centrally located on the Sun-n-Fun grounds at the corner of Laird Drive and Sun-n-Fun Road. Forums entrance is on the west side of the building. Pre-registration highly encouraged!

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
