

## 2017 SUN-n-FUN Forum - ADS-B - Airspace Equipment and Benefits

A panel of FAA and Industry experts will lead the discussion on the current state of the nationwide transition to ADS-B technology. ADS-B is a critical component of the FAA's sweeping "NextGen" Air Traffic Control System modernization program. Most aircraft will be required to have "ADS-B Out" systems installed and operable by January 1, 2020. Come and hear important program updates in this round-table discussion that is sure to inform and enlighten you!

This is a live presentation only. Free seminar! WINGS credit available!

**Directions:** The FAA Safety Center (other name: Orlando Field Office) is centrally located on the Sun-n-Fun grounds at the corner of Laird Drive and Sun-n-Fun Road. Forums entrance is on the west side of the building. Pre-registration highly encouraged!

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
