

Orlando FSDO FAA Safety Team presents:

## **SUN-n-FUN 2017 Safety Challenge - Project Preflight!**

Project Preflight is a traditional fan-favorite safety awareness program putting contestants' observational skills and knowledge of regulations to the test on an actual General Aviation aircraft with numerous intentional airworthiness flaws installed for contest purposes only. List as many faults as you can detect in the time allotted and earn WINGS credit for trying it out! You do not need to have intimate knowledge of the specific contest aircraft! Contest winners will be posted daily by the aircraft. Contest runs daily from 9 am til 3 pm.

This is a live event only. Free to enter! WINGS credit available!

**Directions:** The FAA Orlando Field Office (aka FAA Safety Center) is centrally located on the Sun-n-Fun grounds at the corner of Laird Drive and Sun-n-Fun Road. Forums entrance is on the west side of the building. Pre-registration highly encouraged! Contest aircraft will be parked on the northeast lawn of the facility.

**A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
