FAA Safety Team presents:

Power Plant Failure and its Prevention and Survival
In studies conducted trying to determine the causes for engine failure, 10 top reasons were identified. Of these 10 reasons, the pilot has direct control over at least seven of them. Do you know what they are?

What are the options the pilot has before and after an engine fails in flight?

Do you know how to pick suitable landing fields?

This presentation helps pilots to prepare for an engine failure in flight.

You’ll be shown six different ways to prevent an engine failure, this alone will enhance your chances of survival.

Remember engines fail only on two occasions:
1- When the pilot is expecting the engine to fail.
2- When the pilot is not expecting the engine to fail.

Be ready next time you fly.

My fellow pilots, come to this seminar and more importantly, bring a pilot friend.

Always fly safe.

Seminar is optimized for Single-Engine Airplane communities, but is beneficial to all powered aircraft communities.

This event is designed to be an interactive audience experience. PLEASE bring your questions and participate in the discussion!

Event Details

Sat, Oct 21, 2017 - 10:00 EDT
Sebring Regional Airport
128 Authority Lane
Sebring, FL 33870

Contact: VIRGINIA LOUISE ADELSTONE
(813) 966-3055
pilot.adelstone9@gmail.com
Select #: SO1578675
Representative VIRGINIA LOUISE ADELSTONE
Directions: KSEF FBO, 128 Authority Lane, Sebring, Fl
Follow signs in FBO to the left if driving in, seminar in room in back of FBO

A fuel discount will be given to fly in attendees.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the “Contact Information” area of the meeting/event notice. Note that two weeks is usually required to arrange services.
