

The Aging Pilot

This safety seminar on the Aging Pilot is a must for all of us 'getting up there' as the bottom line is we all want to be safe. This will feature what we need to look for in ourself, or our flying partner.

Directions: From the north, follow 27 all the way to the intersection of 66/98. Turn left onto 98. About 3 miles down, you'll see a sign pointing left to the airport. Stay on that road, be aware for sudden speed limit changes. Go almost to the very end. You'll see the airport FBO on the left.

There is a \$0.25 discount on fuel for those that fly in. To obtain discount, please follow the signs to the seminar area and, sign in, you'll receive a discount fuel ticket.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
