

Orlando FSDO FAAS Team presents:

# Air Traffic Control Forum

A discussion about how to navigate through our complex National Airspace System with special emphasis on our local area (central Florida). The air traffic system is getting more complex and busier every day. This seminar will improve your knowledge and situational awareness about your ATC surroundings. Knowing what to expect, puts you, one-step ahead.

Our presenters will be Bob Curry a contract instructor at Central Florida TRACON, and Don Romberg, the Operations Manager at the Orlando International Tower (MCO). Both presenters are rated Commercial pilots and hold CFI certificates.

Bring your questions and get suggestions that you can use to make your next flight more routine.

WINGS credit applies. As always, online preregistration is recommended @ [www.faasafety.gov](http://www.faasafety.gov)

Door Prizes and Refreshments!

**Directions:** I-95 to (Exit 180) US-192 East, left on Evans, right on NASA Blvd, left on Grumman Place, right on Tower Access Road, to Harry Goode Way to FIT Aviation

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
