

Orlando FSDO FAA Safety Team presents:

# **FAAs WINGS Program and Master Pilot - Master Mechanic Awards**

The FAA's WINGS program is a method of life-long learning for the General Aviation (GA) and Light Sport Aircraft (LSA) pilot communities. Even though the program is FREE, many do not know how to use the WINGS program to its full potential. Come and learn how to use the WINGS program to your advantage! In the same seminar, we will also discuss the FAA's two highest awards: the Wright Brothers Master Pilot Award and the Charles Taylor Master Mechanic Award. Perhaps you or someone you know may qualify! Come learn about these programs from an FAA insider, the Orlando FSDO's FAASafety Team Program Manager for Operations, Bob Jex! This is second of two offerings on this topic; the first is Thursday, Jan 25 at 11:00 AM EST

**Directions:** Take US 27 to town of Sebring. Turn East on SR 98. Follow signs to Sebring Regional Airport, the LSA Expo, and Parking.

#### **A message from the National FAASafety Team Manager**

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
