

Orlando FSDO FAA Safety Team presents:

Northeast Florida Regional Airport - Runway Safety Action Team (RSAT)

The purpose of the RSAT meeting is to educate airport users and to identify/address any existing or potential runway safety issues specific to Northeast Florida Regional Airport. Input from individuals and organizations that are actively involved in the day-to-day operations at the airport, both in the air and on the ground, is highly encouraged. We welcome participation from all the major airport interests; including tenants, the fixed base operator and airport operations/maintenance personnel. Participants are asked to make recommendations and assist in the development of solutions that will enhance runway safety for all concerned. Those recommendations serve as the foundation for our Runway Safety Action Plan. Each and every airport user is key to runway safety. With this in mind, we invite you to join us.

Directions: The meeting is scheduled from 10:00 a.m. until 12:00 p.m. at the Airport Conference Center, 4730 Casa Cola Way - 2nd floor, meeting room B.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
