

Orlando FSDO FAA Safety Team presents:

## **Gray Areas and Misconceptions**

Mr. Diego Alfonso will speak on Gray Areas and Misconceptions. Why is this important? Remember, what you don't know may hurt you, but "what you think you know but really don't" may hurt you even more. We will talk about how misconceptions are born, why are there so many. Learn about the two most important questions to ask in our flying careers and how to recognize a misconception or gray area. Come join us and bring down some questions especially if you have some concern about anything that you are not too clear about.

**Directions:** Park in short term parking lot. Parking vouchers will be provided. Parking is free. Enter the main terminal building, up the escalator and follow the signs to the safety seminar. Fly-In aircraft, Sheltair is the closest FBO, about a 5 minute walk to main terminal. Sheltair will not charge a ramp fee to seminar attendees on the seminar day. Sheltair phone 386 255 0471.
