

Operation Rain Check - St Augustine FL

A special opportunity for pilots to interact with Air Traffic Control (ATC) and discover the many services they offer. During this two-hour event you will experience ATC Tower operations, Class D operations and several simulated ATC scenarios. New VFR check-in points and runway safety briefing will also be presented. Operation Rain Check is described in the Aeronautical Information Manual (AIM), Chapter 4, Section 1, Paragraph 4-1-7.

Directions: Directions are shown in the Map Link above to St Augustine Airport Conference Center. From US-1, St Augustine Airport (now known as NE Florida Regional Airport, KSGJ) is on the east side of US-1 in St. Augustine. From US-1, turn east on Estrella Way near the southeast edge of the airport property. Go east one block. Turn Right on Casa Cola Way. Find building 4730 as depicted in the Map Link.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
