

# SUN-n-FUN 2019 Forum - The Kings on Straight Talk About Aviation Safety

When we say "safety is our highest priority" do we really mean what we say? Wouldn't grounding the airplane be the safest thing? This startling presentation for all pilots will provide a provocative approach with new concepts, a new vocabulary and fresh insights on the subject of aviation risk management.

This is a live presentation only. Free seminar! WINGS credit available!

**Directions:** The FAA's "Orlando Field Office" (aka FAA Safety Center) is centrally located on the Sun-n-Fun grounds at the corner of Laird Drive and Sun-n-Fun Road. We are the large building with the rooftop deck. Forums entrance is on the west side of the building.
