

Orlando FSDO FAA Safety Team presents:

Panels Pilots and Planning

The Jacksonville FAASTeam

welcomes Garmin Representative Joe Stewart and Bragg Avionics President Michael Bragg! Once again, bringing to us a fascinating 2-hour look at emerging and continually improving technologies, Joe and Michael will show us the best of "What's New at Garmin" including G500/G600/G700 TXi Flight Displays, plus 3 new autopilot solutions GFC 600, GFC 500 and G5 HSI interface to 3rd party autopilots. In addition, we will discuss ADS-B "Out" and "In" solutions and the recently announced GPS 175, GNC 355, and GNX 375. Of course, Michael and Joe will both be available to answer questions you have regarding any of their solutions.

Directions: Upon entering the airport, proceed down the main entry road, take the second left, onto Bragg Avenue. Bragg Avionics is around the corner.
