

Orlando FAA Safety Team presents:

Ocala Runway Safety Action Team (RSAT)

The RSAT looks for participation from all major airport interests including tenants, fixed base operators, airport operations and maintenance personnel. Participants are asked to help develop recommendations and solutions to enhance surface safety. These recommendations serve as the foundation for a site-specific Runway Safety Action Plan. Please join us in the Sheltair conference room to share your concerns and recommended solutions to improve safety in and around the Ocala International Airport.

Directions: From I-75 North or South: Exit on SR-40 (exit 352), proceed west on SR-40 to 60th Ave, approximately two miles. Turn south on 60th Ave (Airport Road) and Sheltair is approximately one mile on the right.

A message from the National FAASafety Team Manager
