

Orlando FSDO FAA Safety Team presents:

IMC Club- Alaska

This month's scenario includes a "bucket list" flight with friends to Alaska that leads to an unexpected situation in the mountains. Join us to find out what happens and discuss what you would do.

EAA/IMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building instrument flying knowledge and skills. The program's network promotes a safety culture through continued education in the belief that we develop safety and proficiency through education and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips. Through the FAA Safety Program, aviation professionals provide informative WINGS presentations. You do not have to be an instrument rated pilot to attend. Membership in the EAA/IMC Club is encouraged but not required to participate in this meeting. For more information and to take part in this event, click the link below and register TODAY for this 1-hour interactive discussion!

Directions: Meetings are held on the fourth Wednesday of each month at 7:00 p.m. on the south side of Merritt Island Airport across from Space Coast Aviation in the EAA bungalow closest to the parking lot.
