

Orlando FSDO FAA Safety Team presents:

Operaiton Rain Check Air Traffic Control - St Augustine FL

A special opportunity for pilots to interact with Air Traffic control and discover the many services they offer. During this two hour event you will experience ATC Tower operations, Class D operations and several simulated ATC scenarios. New VFR check in points and runway safety briefing will also be presented. Operation Rain Check is described in the Aeronautical Information Manual (AIM), Chapter 4, Section 1, Paragraph 4-1-7.

Directions: The meeting will take place as a Zoom meeting rather than an in-person seminar. We are re-sending the invitation because of this significant change. Here is the link information:
