

Orlando FSDO FAA Safety Team presents:

The Human Factors Role in Accident Prevention

If there is one thing we can be sure of, it is that as humans we are continuously surrounded by a certain level of risk. As pilots, that level is raised just a tad higher. The one thing that all of us who fly need to understand is that our first experiences in transporting ourselves by means of mechanical locomotion on the surface created a vast array of habits, some good and some bad. In making the transition to transporting ourselves by airborne means, the bad habits already acquired must be discarded completely, because they are just not compatible in this new dimension.

In this hour-long presentation, a series of misconceptions and bad habits are identified. The misconceptions are clarified, and good habits are brought up to the fore in hopes of replacing the bad ones.

The replacement of bad habits begins by exercising pilot in command responsibilities and decision making during the most important phases of flight. These encompass the preparation, the pre-flight and departure, followed by decisions during the cruise phase, and finally, the arrival phase.

The Orlando FSDO-15 FAA Safety Team (FAASTeam), along with your local Treasure

Event Details

Thu, Oct 21, 2021 - 19:00 EDT

Skyborne Airline Academy

3530 Cherokee Drive

Room M

Vero Beach, FL 32960

Representative TIMOTHY PAUL WHALEN

Coast FAASTeam, encourages all aviation safety minded individuals to come and attend our every third Thursday of the month safety seminars. Free to attend, and WINGS credit is available! COVID-19 Statement: Prior to attending, please check for compliance with applicable federal, state, and local public health guidelines. Please bring a mask and anticipate social distancing.

Directions: Each meeting is held in a classroom inside the Skyborne Airline Academy maintenance hangar, which is located just west of the Vero Beach Regional Airport Main Terminal Bldg. Enter through the west side of the hangar, meeting is in Classroom M. Plenty of parking for cars and aircraft. For those of you flying in, park by the C.J. Cannon's restaurant at main terminal and walk west 100 yards.

A message from the National FAASTeam Manager

Earn your WINGS to get a chance to win a cash prize. Go to
