

Aerospace Medicine and You

General Aviation Joint Safety Committee study of General Aviation Loss of Control Accidents show that a significant number of pilots in those accidents were operating with a known medical deficiency and/or impaired. This will help all of us involved in aviation, improve our safety/situational awareness, safety practices and generate dialog within our community.

Directions: From I-95, take Exit 220, turn east on Garden Street (SR 406) approximately three miles, turn left on North Williams Ave. approximately 1 mile on the left. EAA Chapter 866, Building 10, in the class room.
