

Orlando FSDO FAA Safety Team presents:

What Do You Know for Sure that Aint So?

Aviation is full of gray areas and misconceptions. Why is this important to know? Remember, what you don't know may hurt you, but "what you think you know and you don't may hurt you even more."

Diego M. Alfonso will discuss how misconceptions are born and why they abound, learn about the two most important questions to ask in our flying careers, and learn how to recognize a misconception or gray area. Join us and bring down some questions, especially if you have concerns about anything that you need clarification on; we may be able to help.

Directions: Park in Short Term parking lot. Parking vouchers will be provided. Parking is free. Enter the main terminal building, up the escalator and follow the signs to the safety seminar. Fly-In aircraft, Sheltair is the closest FBO, about a 5 minute walk to main terminal. Sheltair will not charge a ramp fee to seminar attendees on the seminar day. Sheltair phone 386 255 0471.
