

## You Must Get It Right When Things Go Wrong

### **EMERGENCY - You Must Get It Right, When Things Go Wrong!**

How much time does a pilot have when experiencing an emergency? For some emergencies, you must be spring-loaded and react without hesitation. For others, you may have ample time to mitigate the cause or react to the consequences. How you perceive the emergent situation and react appropriately may depend on your level of experience as well as the recency of training.

Maintaining aircraft control is tantamount to survival during an emergency, and your skills as Pilot In Command may be stressed to the maximum. However, asking for ATC's help will also be crucial to a successful outcome.

Come join the discussion with your fellow aviators for a review of emergencies. This seminar will offer 1 Knowledge Credit for your WINGS phase and will serve as the monthly IMC Club meeting. Your knowledge & experience is valuable to your fellow airmen/women; please participate and share your knowledge so we all become safer aviators.

The Vigilante Room at Sanford Airport; it's in the Rental Car Building across the street from the Commercial Airline Terminal. If you fly in to KSFB for this WINGS event, you can park at Million Air FBO and get a courtesy ride over to the seminar's location in the Vigilante Room. A big shout out to Million Air FBO whose manager will waive the Ramp Fee and offer a discount on Avgas if you mention that you're attending the WINGS Event.
