

## EAA Chapter 1674 Monthly Meeting

The two-hour meeting starts at 09:00 with a social event with refreshments, followed by a brief business meeting, followed by the guest speaker.

This presentation will be focused on using fabric covering on aircraft in general, and the use of non-certified products like latex paint in particular. It will address the pros and cons of certain certified systems and why non-certified options may be appropriate depending on your specific application. It will cover the preparation of the airframe, applying the covering, base coats, finish coats, and the final detailing. Tools and equipment needed will be addressed. Finally, maintenance and longevity will be discussed.
