

EAA Chapter 1674 Monthly Meeting

The two-hour meeting starts at 09:00 with a social event with refreshments, followed by a brief business meeting, followed by the guest speaker.

Have you ever wanted to fly your private plane to the islands but felt intimidated by the distance or the procedures? Living in Florida, we are blessed with an abundance of great tropical fly-out destinations which are easily reachable by typical general aviation aircraft. However, most pilots don't know how to plan these trips. This presentation will cover the requirements and planning for Caribbean/Bahamas trip, including the paperwork, aircraft prep, customs, and CBP procedures to safely reach the islands. But more importantly, we'll also discuss how to execute the procedures of safely getting "back into the USA" without being escorted by F-16s! We'll also share some of our "lesson learned," and make suggestions how you should plan your first "island trip."
