

Back to Basics - Accident Avoidance

The Craig Airport Pilots Association presents David Cristol, and his organized Hangar Talk with periodic topics that focus on education and fun exploring new endeavors.

This will be a pilot chat, with donuts and coffee provided. Come visit with fellow pilots and stay for a safety discussion. We will discuss some of the basics that contribute to accidents: weather, lack of performance planning, decision making and personal limits.

The event is expected to last about 90 minutes, and questions/answers will certainly be entertained.

Please bring your own chair, and plan for weather, as this meeting takes place in a hangar.

From St. John's Bluff Road, enter the Craig Airport main entrance, and take the first left, toward JAX Executive Jet Center. Park and enter the Jet Center, and explain you're going to hangar C5
