

Florida Aviation Network Presents Plane Time! Sessions 1 and 2 - Hurricanes with George Bartuska!

Event Details

The Florida Aviation Network (FAN) is broadcasting this popular multi-part aviation safety talk show that is recorded "Live". Ron Timmermans will interview our special guests. Segments 1 and 2 will feature Dr. George Bartuska, "The Weather Guy". In segment 1, they will talk about our new show "Sky Insights" and discuss Dr Bartuska's background and involvement in meteorology, including his participation in the Governor's annual Hurricane Conference.

Segment 2 will focus on hurricanes.

Hurricane season starts June 1. Few weather events can compare with the destructive total force of a hurricane. These large rotating tropical storms are capable of annihilating coastal areas with sustained winds of 155 miles per hour or higher, other areas with intense rainfall and flooding, and a catastrophic coastal flooding event known as a storm surge.

Make time to view and enjoy "Plane Time" - It might even save your life. Watch with a friend!

To simply watch the event, there is no registration required – Just go the Florida Aviation Network site <https://www.floridaaviationnetwork.com/> and click on the Watch Live Programs link or- "Live" logo in the upper right of the display.

If you wish to receive WINGS Knowledge credit, you will receive instructions during the event on how to request credit.
