

## Advanced Human Information Processing

Expect a deep dive into cognition—showing its gradual progression from theoretical basics to actionable training techniques and safety strategies. Emphasizing advanced cognition, the presentation builds a bridge from understanding your fundamental processes to applying practical tools that improve decision-making under pressure. The major takeaway is an enhanced DECIDE model, specifically designed to meet the demands of today's complex airspace and aircraft, ensuring that you are equipped with a dynamic, reflective, and robust framework for safe flight operations. A workshop session will apply these techniques to a real-world scenario. You should download and review the "Event Documents" at the bottom of this announcement to maximize your benefit from this seminar.

Please visit the Orlando Executive Airport  
FAASTeam Library web site:

### Event Details

**Thu, Jul 10, 2025 at 19:00 EDT**  
**Orlando Executive Airport (ORL)**  
365 Rickenbacker Dr.  
Orlando, FL
