

Pilot/Controller CFI DPE Forum - Fall 2025

A Pilot/Controller Forum is a meeting where pilots and air traffic controllers come together to discuss safety and operational issues, address common errors, and improve communication within the airspace. The primary goal is to improve aviation safety by fostering better understanding and communication between pilots and controllers. Pilots can learn about new procedures, changes in airspace, or best practices for operating safely. Participants are encouraged to ask questions, share experiences, and engage in open dialogue.

The CFI and DPE Q&A offers the opportunity for Student Pilots or any Pilot preparing for a Rating or Certificate, to ask questions in preparation for the Practical Test.

Take NASA Blvd to Grumman Place to Tower Access Rd to Harry Goode Way.
