

Monthly Safety Meeting Gatorland Aviators

FAA is amending rules for the manufacture, certification, operation, maintenance, and alteration of light-sport aircraft. The amendments enable enhancements in safety and performance and increase privileges under a number of sport pilot and light-sport aircraft rules. These enhancements include increasing suitability for flight training, limited aerial work, and personal travel. This final rule expands what aircraft sport pilots may operate. This final rule also amends the special purpose operations for restricted category aircraft; amends the duration, eligible purposes, and operating limitations for experimental aircraft; and adds operating limitations applicable to experimental aircraft engaged in space support vehicle flights to codify statutory language.

Seminar is located downtown Gainesville, Florida, not at airport.
Free Parking behind building. Meeting on second floor conference room. Entrance to meeting is behind building, through outside stairway. Elevator available through front entrance.

A message from the National FAASTeam Manager
