

EAA Chapter 1674 Monthly VMC Club Meeting

The EAA VMC Club provides a "hangar flying" experience organized around visual flight, in order to promote safety, education, and proficiency.

Every meeting consists of a scenario presentation and group discussion about unusual or interesting charts, changed rules and procedures, and member experiences. We also have occasional guest speakers.

The scenario(s) we will discuss at this meeting is/are: Departing on a cold winter day you get smoke in cockpit when you turn on heater but stops with heater off.

Bring your EFB, your experience, and your questions, and be ready to participate.

All are welcome. You do not need to be an EAA member to attend

Event Details

Sat, Oct 18, 2025 at 12:00 EDT

Inversness Airport, FL

4250 S Airport Rd

Inverness, FL
