

## EAA Chapter 1674 VMC/IMC Monthly Meeting

Following our regular EAA chapter meeting, we will host a safety seminar eligible for credit in the FAA WINGS Pilot Proficiency Program (starting at 11am). The seminar will examine two scenarios: a VMC night departure involving rising terrain and an instrument failure, and an IMC late-night departure from an uncontrolled airport complicated by a vehicle on the runway.

Meeting will be at the FBO (Right Rudder Aviation) on the SE Corner of the Inverness Airport (INF). Both Ramp & Auto Parking are available.

### A message from the National FAASafety Team Manager
