

Monthly Safety Meeting Gatorland Aviators

We will be discussing Hazardous Attitudes - definition, recognition, and mitigation.

Don't miss this opportunity to enhance your knowledge and promote a safer flying environment for all. This seminar promises to be informative and interactive, enhancing practical strategies for identifying and mitigating risks in aviation operations.

The WINGS safety briefing is free. However, WINGS program participation is of interest to your aviation insurer and helps bring down your premium, adds to your proficiency and counts toward a flight review!

Data shows that pilots who participate in the WINGS program are involved in fewer accidents and incidents because of improved aviation knowledge and pilot proficiency. A Phase of WINGS equals a flight review. Additionally, some aviation insurers offer discounts to pilots who participate. If you have any questions about the WINGS program, talk to your local FAA Safety Team Representatives.

Seminar is located downtown Gainesville, Florida, not at airport. Free Parking behind building. Meeting on second floor conference room. Entrance to meeting is behind the building.
