

## Ocala Tower Runway Safety Action Meeting

The purpose of this RSAT meeting is to unite those individuals and organizations that are actively involved in airside operations and movement of aircraft, vehicles, and equipment on the Airport Operations Area (AOA). We look for participation from all major airport interests (tenants, fixed base operators, and airport operations and maintenance personnel). Participants are asked to help develop recommendations and solutions to enhance surface safety. Those recommendations serve as the foundation for a site-specific Runway Safety Action Plan. You are cordially invited and encouraged to join us. Your participation is vitally important, and your input is welcomed.

Located in the main FBO/Terminal building on 60th Ave, just south of the Tower

### A message from the National FAASTeam Manager
