

Orlando FSDO FAA Safety Team presents:

Daytona Beach Runway Safety Doubleheader Part 2 - Focused Runway Safety Action Team Meeting!

Event Details

FAA's Air Traffic Organization (ATO) organizes annual Runway Safety Action Team (RSAT) meetings at towered airports. These RSAT's collect safety data related to runway utilization and operations at those airports. As part of an ongoing runway safety process, your DAB RSAT Team is preparing to hold its next event in two segments to debrief the public on developments since their last public meeting. First segment is a two-hour Pilot - Controller Forum (PCF) the prior evening at 1700 - 1900 EDT; See SPANS Select ID **SO15142662. This second segment is the associated RSAT meeting. Both two-hour discussions will cover runway safety topics including pilot deviations, runway incursions, safety enhancements, future plans and YOUR inputs. Both events are FREE, and public welcome! Attendees are strongly encouraged to attend BOTH segments. Seating is limited; pre-registration is strongly encouraged for EACH segment!**
