The Florida Aviation Network (FAN) is broadcasting this popular multi-part aviation safety talk show that is recorded "Live". All aspects of aviation could be discussed; however, "Plane Time" frequently emphasizes often-overlooked facets of the aviation industry. Special guest for Segments 1 and 2 is Pat Phillips, a prominent Florida aviation attorney and recent inductee into the Florida Aviation Hall of Fame. Pat will discuss Risk Management, ADM, Airworthiness, and other topics with FAN's John Tenney. Segment 3 will feature Dr. George Bartuska, "The Weather Guy", who will discuss Thunderstorm basics and essential flight planning for safe summertime operations. Make time to view and enjoy "Plane Time" - It might even save your life!

To simply watch the event, there is no registration required – Just go the Florida Aviation Network site <https://www.floridaaviationnetwork.com/> and click on the Watch Live Programs link or- "Live" logo in the

upper right of the display.
