

2026 Runway Action Safety Team (RSAT) Meeting CRG

The purpose of this RSAT meeting is to unite those individuals and organizations that are actively involved in air traffic operations and movement of aircraft, vehicles and equipment in the Airport Operations Area (AOA). We look for participation from all major airport interests including tenants, fixed base operators, airport operations and maintenance personnel. Participants are asked to help develop recommendations and solutions to enhance surface safety. Those recommendations serve as the foundation for a site-specific Runway Safety Action Plan. You are cordially invited to join us. Your participation is important, and your input is welcomed.

JAA Conference room is located at the base of Craig tower. If flying in, then park at Sky Harbor South.

A message from the National FAASTeam Manager
