

Melbourne Orlando International Airport RSAT Operations and Pilot Controller Forum 2026 (KMLB)

Event Details

Hear about all the exciting developments and expansion around the airfield at this annual RSAT (Runway Safety Action Team) meeting. The ATCT manager will share information, including an Operations and Public Safety Update!

The RSAT meeting is designed to bring together individuals and organizations actively involved in the operations and movement of aircraft, vehicles, and equipment in the Airport Operations Area (AOA), including both movement and non-movement areas. Airport interests include tenants, flight schools, fixed-base operators, airport operations, and maintenance personnel. Attendees are asked to share observations and make recommendations to enhance surface safety and security. These recommendations serve as the foundation for a site-specific Runway Safety Action Plan for the airfield during this annual RSAT meeting.
