

EAA VMC Club Monthly Safety Scenario Discussion and Smilin Jack Pancake Breakfast

Event Details

The EAA/VMC Club provides structured “hangar flying” focused on developing pilot knowledge, proficiency, and sound aeronautical decision-making. Through monthly scenario-based discussions, participants share real-world flying experiences and explore practical strategies for identifying hazards, managing risk, applying Crew Resource Management (CRM), and making effective Aeronautical Decision Making (ADM) decisions.

This month’s discussion will use a real-world aviation scenario to examine how Safety Management System (SMS) principles, CRM, ADM, and risk management can be applied to everyday general aviation operations. The goal is to promote a proactive safety culture and provide pilots with practical tools they can apply before and during their next flight.
