The Florida Aviation Network (FAN) is broadcasting this popular multi-part aviation safety talk show that is recorded "Live". All aspects of aviation could be discussed; however, "Plane Time" frequently emphasizes often-overlooked facets of the aviation industry. Make time to view and enjoy "Plane Time" - It might even save your life. Watch with a friend! In this segment, host John Tenney interviews Brandon Gardner of Orlando-based Premier Flight, serving the GA community at Orlando Executive Airport (KORL). Discussion topics will center on optimizing ramp safety and flight ops into and out of Orlando's downtown airport.

To simply watch an event, there is no registration required – Just go the Florida Aviation Network site at the link below and then click on the Watch Live Programs link or- "Live" logo in the upper right of the display.
